

Craig Gowans Football Scholarships

The University of Stirling has joined with Falkirk FC to offer football scholarships. This unique initiative will allow talented young footballers to combine their sport with a university degree.

Scholarship players will benefit from up to £2,500 a year throughout their degree, which will cover the cost of essential requirements including accommodation and equipment. The first four scholars will take up their place in September 2008, and to give added support and raise the standard of play, the University is investing in professional coaching staff, and is applying to join the East of Scotland League.

Applying for a Football Scholarship

To be considered for a scholarship award, applicants must meet the normal entry requirements to study at the University of Stirling and hold, or be in the process of applying for, a place on a degree programme. They will have to demonstrate footballing ability and a commitment to improve, and have the appropriate work ethic.

Sports scholarship application forms are available from the [Department of Sports Studies](#).
