

PhD studentships

Department of Psychology University of Stirling

The Department of Psychology in the University of Stirling will offer two funded PhD studentship/teaching fellowships starting in October 2010. The department has an enthusiastic and vibrant research community which provides a stimulating and exciting environment for postgraduate study. We encourage students who expect to obtain a First or Upper Second class Honours degree in Psychology or a related discipline, or who already have an MSc, to apply for a PhD at Stirling.

Research supervision is available in any area of psychology, with emphasis on: a) Behaviour and Evolution, b) Health and Social, c) Perception, Cognition and Neuroscience, or d) The Face and Development of Communication. Students interested in applying should first contact individual academic members of staff in a relevant area to discuss potential projects.

Please view our web pages at: www.psychology.stir.ac.uk

The department has an outstanding record of success in both teaching and research. We have an international reputation for research and have achieved the highest rating, "Excellent", for Teaching Quality. The Department also has full "1+3" and "+3" ESRC recognition status as an accredited training outlet.

The department's research is supported by state-of-the-art facilities, including an in-house playgroup, human electrophysiological recording and analysis facilities, health and clinical laboratories, and expertise in computational modeling. The department has excellent facilities for postgraduate students, including allocated office space, equipment and conference funding.

The studentships will be fully funded at Research Council rates (circa £12,000 per annum) and successful applicants will be expected to contribute towards teaching in the department.

For application procedures please see <http://www.external.stir.ac.uk/postgrad/apply/index.php> or contact Linda Cullen (Linda.Cullen@stir.ac.uk)

The closing date for applications is 17th March 2010, but early application is strongly advised.
