There are laws and there are policies. However, neither actually address their own effectiveness. This conference will analyse law and policy in terms of policy delivery.

The principal aim of the conference is to develop and contribute in an interdisciplinary manner on policy delivery with a focus on new low carbon electricity generation infrastructure in the UK.

The conference speakers and participants will be from across the disciplines of economics, law, engineering and environmental science.

National and International Speakers:
- **Anite Ronne**, Professor in Energy Law, University of Copenhagen
- **Helen G. Cook**, Senior Associate, Nuclear Energy, Pillsbury Winthrop Shaw Pittman LLP, Washington DC, USA
- **Angus Johnston**, University Lecturer, Faculty of Law, University of Oxford, UK.
- **Michael LaBelle**, Professor in Environmental Sciences and Policy, Central European University, Budapest, Hungary
- **Malcolm Keay**, Senior Research Fellow, Oxford Energy Institute, University of Oxford, UK.
- **Christopher White**, Partner, Pinsent Masons LLP, London, UK
- **Shanna Cleveland**, Attorney-at-Law, Conservation Law Foundation, Boston, MA, USA.
- **Olivia Woolley**, Lecturer in Law, University of Aberdeen.
- **David W Robson**, Head of Energy and Environmental Foresight, Scottish Government.

CONFERENCES

9.30-11.00: Session I. Setting the Scene: Challenges for Low Carbon Energy Investment
- Raphael J. Heffron: The Dynamics of Policy Delivery for Energy Infrastructure
- David W. Robson: Low Carbon Technologies: securing the transition
- Helen G. Cook: International industry perspectives on nuclear energy policy delivery

11.00-11.20: Morning Coffee Break

11.20-12.50: Session II. UK and EU Initiatives
- Christopher White: Getting to our low carbon future – faster: how making the right policy choices now, can drive investment cases for (large-scale) low carbon generation – to enable the low carbon economy, quicker
- Olivia Woolley: Reforming Gas Sector Governance in the UK to Promote Decarbonisation: A Study Of Biomethane Injection into Gas Grids
- Shanna Cleveland: Getting Gas Right: Navigating the Shale Boom to Reap the Most Benefits for the Climate

12.50-13.40: Lunch

13.40-15.20: Session III. Lessons and Influence from Europe
- Anite Ronne: 35 years of Energy Policy and Governance - any Lessons to Learn from the Danish Model?
- Jennifer McGuinn: ‘Streamlining’ environmental assessment and permit granting for priority trans-European energy infrastructure projects
- Geoffrey Wood: Large-Scale Renewable Deployment to 2020 and Beyond: Are We Connecting the Dots on Policy Delivery?

15.20 – 15.40: Afternoon Coffee Break

15.40 – 17.00: Session IV. Achieving Effective Policy Delivery
- Michael LaBelle: Expectations of Investors, Actions of Politicians and EU failure
- Malcolm Keay: The future is electric - but not as we know it

17.00 – 18.15: Closing Speech and A Look to the Future
- With Angus Johnston

Followed by Wine Reception, and Conference Dinner (18.30 – 20.30)

CONFERENCE FEES:
Professional: £60
Academic: £40
Student: £20

The fee above covers conference pack, lunch and the conference dinner in the evening.

CONFERENCE VENUE:
Pathfoot Building, University of Stirling

NOTES
• Full Speaker Schedule for the day will be announced shortly

This conference is sponsored by:
Simpson and Marwick, a leading Scottish Law Firm; and through a research grant to Dr. Raphael Heffron and Dr. Darren McCauley (PI) from the ESRC.
