ENTRY REQUIREMENTS

A minimum of a second class Honours degree or equivalent, in either a numerate subject such as maths, computing and engineering, or a business and finance subject. Some experience of computer programming is also required. Applicants without these formal qualifications but with significant and relevant work experience are encouraged to apply.

ENGLISH REQUIREMENTS

If English is not your first language you must have the following qualification as evidence of your English language skills:

IELTS: 6.0 with 5.5 minimum in each skill.

If you don’t meet the required score you may be able to register for one of our pre-seasonal English courses.

SCHOLARSHIPS

There are a number of scholarships available to support your studies. You may qualify for University funding as well as funding from governmental bodies, the European Commission, funding trusts, research councils, employers and industry. Scholarships finder: stir.ac.uk/scholarships
