Tier 4 Address Monitoring Process

Student arranges private or university accommodation before arrival/return

Private Accommodation:
Student completes online enrolment, confirms home address and updates semester address

University Accommodation:
Students going into University accommodation complete online enrolment but do not update semester address. Students already in University Accommodation will be unable to update semester address and should contact Residential Services

University Accommodation:
Residential Services will update students address at the end of the first week of semester

Email sent to council confirming local address details: S:\RECORDS\Council Tax

All students emailed in October and February to check their semester address is correct on the Portal prior to the council tax returns

Re-Registration:
Re registration process: S:\Tier 4 Compliance\Census Point Checks\Re Registration Process.vsd
Address details are checked on re-registration

Weekly Monitoring

‘No local address’ impromptu spreadsheet ran once a week to check that all tier 4 students have a UK address and to highlight those with a UK address but are living more than 50 miles from the university

Students with UK address, but living more than 50 miles are contacted by email to find out why they live so far from the University

School contacted to check student is fulfilling requirements of their studies. For Research students this is checked against the RPG meeting summary Portal report

View taken by ERT as to whether the student is actively engaged and whether sponsor can continue

Tier 4 students with no UK address are sent SRL email ERT_T4_ADD from the SCE.

No further action required

Student engages with ERT and updates address

No

School provide address and SITS is updated

1 week
Student called via telephone. If no response then enquiry made to the School/Supervisor for alternative address details

1 week
If semester address not updated, remove succeed access and send communication explaining they are not complying with the terms of their visa and risk being withdrawn. STU updated with IMA so student cannot obtain confirmation documents

No

Yes

Update ADD_UDF1 with Approved

Withdraw student and report to UKVI that sponsorship terminated.
