Over 120 nationalities represented on campus

We are Scotland’s University for Sporting Excellence

As Scotland’s University for Sporting Excellence, the University of Stirling has one of the best reputations for sport in the UK.

Our students rate us first in Scotland for sports facilities, which include a 50m swimming pool and a nine-hole golf course.

As home of Scotland’s National Swimming Academy, the Scottish National Tennis Centre and Triathlon Scotland, our campus is a formidable training ground for top Olympic and Paralympic athletes. Our student athletes regularly compete at world-class events, including the Commonwealth Games, the Olympic Games and the Walker Cup.

In 2016, we welcomed our Olympic athletes home from Rio with three silver medals.

We are focused on sustainability

As a global university, we have an important role to play in promoting sustainability both locally and internationally.

Sustainability is embedded in everything we do, whether it’s through teaching and research, or the services we offer students and staff.

We are continually reducing our carbon footprint, and are helping to support the government’s carbon emission targets for Scotland.

We embrace innovation by investing in new technologies, and constantly review and renew our business practices.

This enables us to deliver services that meet the needs of our students, staff and stakeholders.
